PROGRAM OVERVIEW

The Schulich School of Medicine & Dentistry at Western University, offers clinical observership placement opportunities for medical learners (university students, medical students, residents, fellows, and physicians) who are not from the Canadian medical system. Learners have the opportunity to take part in individualized knowledge acquisition through observation experiences that are customized to the learner's specific interests, learning objectives and needs. Placements occur at various sites within [London Health Sciences Centre \(LHSC\)](#) and [St. Joseph's Hospital](#).

ABOUT SCHULICH SCHOOL OF MEDICINE & DENTISTRY

The Schulich School of Medicine & Dentistry has a long tradition of excellence, beginning with founding of the medical school in 1881 and continuing with the formation of the dental school in 1964. LIVING IN LONDON, CANADA

Set in the heart of Southwestern Ontario, London is the region's economic, entertainment and cultural hub. With a population of approx. 4000,000, London is Canada's 11th largest city and an ideal environment to work, play and live. Big enough for the 'big city' experience, but still far more affordable in comparison with many other Canadian cities, London boasts an extensive educational and health care community, while providing the safe and clean atmosphere of a small community.
